A T L A N T I C N U R S E R I E S, I N C.
D. W. Babcock, Mgr.
B E R L I N, M A R Y L A N D

Deciduous Trees, Shrubs and vines all strictly nursery grown--owing to our long and equiable growing season, good soil, and know how--we are enabled to grow an extra good quality of stock, well rooted and first class in every way.

Quercus Oaks--

We are original growers of Oak seedlings in the U. S. We were considered a crank when we first started growing them, but we have grown and supplied thousands to the leading nurseries during the last forty years. Our seed is collected from the Northern limits of production. The past season we secured several bushels of seed from the famous Wye White Oak over 400 years old, growing on the Upper Eastern Shore of Maryland, now owned by the State and protected for posterity. We have a nice lot of seedlings grown seperately and are offering them to the Trade as follows.

		100	1000
